

## COVID-19 information in other Languages

Did you know that the NSW Health website contains important and up to date COVID-19 information and resources that have been translated into a number of community languages?

Here you can find information and resources on topics such as:

- Vaccination
- COVID-19 symptoms and testing
- Stopping the spread
- How and when to isolate
- Wearing a mask
- Mental health
- Physical distancing
- Stay at home public health orders
- COVID-19 support including who to call
- Testing
- Other relevant COVID-19 information

To access this page go to [www.health.nsw.gov.au](http://www.health.nsw.gov.au) then type COVID-19 language list into the search field located on the top right hand side of the page.

Alternatively type NSW Health COVID-19 language list into the search field on your web browser.
